KUALA LUMPUR, July 7, 2020 - Dviria Nano Tech Sdn Bhd (“**Dviria**”) is pleased to announce that the company has been appointed as the exclusive distributor of Twin Oxide Southeast Asia Sdn Bhd (“**Twin Oxide**”) for the distribution of its TwinOxide® products in Malaysia and Indonesia retail segment.

Dviria Nano Tech Sdn Bhd, formerly known as Rex Oriental Sdn Bhd, is a wholly-owned subsidiary of main-board listed company Ho Wah Genting Berhad (HWGB, 9601). The group has recently made an announcement to diversify its existing businesses to include the healthcare-related industry such as the dietary supplement, biotechnology and healthcare technology sub-segments.

The company has on yesterday entered into an agreement with Twin Oxide Southeast Asia Sdn Bhd for the appointment on an exclusive basis to market, promote, distribute and sell TwinOxide® in Malaysia and Indonesia retail segment. The above appointment is for a term of five (5) years, extendable for an additional five (5) years by both Parties mutual agreement in writing.

TwinOxide® is a transportable non-explosive two-component chlorine dioxide. It is an eco-friendly product that generates chlorine dioxide solution for application as disinfectant for industrial water treatment, livestock, horticulture, oil & gas, food & beverages, meat & poultry, fishing industry, commercial & institutional, recreation & leisure, marine, pulp & industry, textile & desalination and general healthcare purposes.

“The recent coronavirus COVID-19 pandemic is becoming the greatest threat to global public health of the century. We strongly believe that prevention is always better than cure. As such, we are looking into contributing our efforts by introducing a reliable yet eco-friendly disinfectant product to effectively eliminates bacteria, germs, viruses and mould,” Dviria Nano Tech Sdn Bhd said in a statement.
